A member shall not be entitled to appoint more than one proxy. If a member appoints more than one proxy and more than one instruments of proxy are deposited by a member with the Company, all such instruments of proxy shall be rendered invalid.

Niaz Ahmed Khan Chairman

CHAIRMAN'S REVIEW

I hereby present the 27th Annual Report along with the audited Financial Statements of Saudi Pak Leasing Company Limited

for the year ended June 30, 2017.

The year under review was no different than it was 2016. As in FY 2016, this year also faced severe operational and financial

problems. Due to extreme resource constraints, the core business activities remained suspended during the current year

as well. The Company lost its ability to generate revenue from the business operations both from financial leases and

operating leases. On the other hand, substantial portion of leases written a decade ago have been long overdue for payments,

stuck up and continued to be classified in Loss category. Despite using all possible measures for recovery through negotiated

settlements, no significant success was achieved during the year under review.

The recoveries have become increasingly difficult owing to cumbersome and prolonged litigation process. The gross lease

revenue of the Company during the year registered at Rs.13.427 million as compared to Rs.51.506 million in FY 2016 due

to very poor response from the lessees and loanees. Other operating income decreased to Rs.5.53 million during the year

under review as compared to Rs. 38.281 million in the preceding year. The administrative and operating expenses including

depreciation decreased to Rs. 43.231 million in 2017 from Rs. 67.863 million in 2016.

The management of the Company is striving hard to maintain its status as "Going Concern" and endeavoring to improve

the financial condition of the Company through extensive efforts for recoveries. If we compare our position among the

players in the Leasing industry, we may consider ourselves well positioned as to remaining active for survival.

I am pleased to inform you that the required infrastructure and human resources are now available to bring back the

Company into operational mode. The Management is making utmost efforts for capitalizing recoveries on one hand and

addressing the liability position by evolving settlements through meaningful negotiations with the Company's Creditors.

On behalf of the Board of Directors, I avail the opportunity to acknowledge with thanks the guidance of the Regulatory

Authorities particularly the SECP which is genuinely assisting for the revival of the Company besides the support and gesture

of COIs//TFC holders and Financial Institutions. I also appreciate the efforts being made by incumbent CEO and his team

for revival of the Company.

man

Profit / (loss) after taxation	(69.121)	(118.853)

General Overview of the economy

Pakistan's economy continues to maintain its growth momentum for the 3rd year in a row with real GDP growth at 5.3 per cent in FY 2017 which is the highest in nine years. GDP posted a reasonable growth over last year. There was remarkable growth in industrial and services sector as both these sectors surpassed their target growth, while other key macroeconomic indicators like inflation, fiscal and current account balance recorded improvement.

The external sector remained more stable on account of growth in worker's remittances; continued flows from IFIs; and a decline in global oil prices. The country's FX reserves have reached all time high i.e. US Dollars 21.37 Billion in May 2017 was sufficient.

Overview of the Leasing Industry

In Pakistan, fund mobilization constraints, squeezing of margins, non-availability of subsidized long- term funds and multi-lateral credit lines, etc. were the top issues that have adversely affected the performance of leasing sector. This has squeezed the profitability and has resulted in losses to various leasing companies. Further, the leasing companies are in stiff competition with banks as the banks have low cost of funds compared to the leasing companies. Hence the competition is particularly severe with respect to mark- up rates vis-à-vis their cost of funds, which are much lower than rates offered by leasing companies because of their in-built margins. In addition, leasing sector lacks innovative products and confines mostly to small and medium ticket leasing particularly involving vehicles and machinery. Leasing of machinery and other industrial equipment has, however, slowed down due to recession. Some of the smaller leasing companies are also involved in micro leasing but are facing difficulties in recoveries. Since most of the larger and medium sized leasing companies are involved in leasing of vehicles, which has led to increased competition among them as well. The smaller leasing companies are facing stiff competition not only among themselves but also from the large and medium sized leasing companies involved in vehicle leasing.

In the past couple of years, with the exception of a few leasing companies, the leasing sector, by and large, has remained either dormant or operating with extremely low business volumes and shrinking income levels. The prospects of leasing sector do not seem to be too bright unless its various areas of concern including the prevailing economic scenario, dried-up funding lines, lack of resource mobilization, non-availability of level playing field, tax and other issues, etc. are seriously investigated and mitigated. In order to improve the near future demand prospects of leasing sector in particular; the single most important issue which the Government has to address is its willingness to make available to the leasing sector financial sources at cheap rates.

Company Overview

The company has been out of leasing business for the last several years mainly due to severe liquidity crunch. This has led to a situation where the Company has been managing its affairs out of funds generated through settlements and recovery of badly stuck up portfolio. The Company is using all possible measures for recovery but is only able to manage moderate level of recovery instead of timely and regular payments from the lessees. The Company is trying its level best to recover as much as possible from the non performing portfolio and therefore has to offer concessions to the customers for encouraging them to pay early. This policy helped in arriving at settlements with customers who have agreed for repayments of amounts in installments. However, despite this policy, major portion of lease portfolio of the Company is stuck up and under litigation. Due to lengthy and complex legal process, the pace of recoveries is very slow.

Lack of fresh leasing business together with extremely slow recovery has landed the company in a very precarious liquidity crisis where the Company has found itself unable to meet its liabilities.

Dividend

On account of persistent liquidity crisis together with huge accumulated losses, the Board of Directors of Company could not recommend dividend this year also.

Corporate Governance

To develop highest standards of corporate governance that meet the requirements of the Code of Corporate Governance, the company has established sound and transparent corporate governance system. There is an Independent Internal Audit Control Department that operationally report directly to the Board Audit Committee which in turn is headed by a Non-Executive Independent Director.

Directors' Declaration

- 1. The financial statements prepared by the Company present fairly its state of affairs, the result of its operations, cash flows and changes in equity.
- 2. Proper books of accounts of the Company have been maintained.
- 3. Appropriate accounting policies have been consistently applied in preparation of financial statements and accounting estimates are based on reasonable and prudent judgment.
- 4. International Accounting Standards as applicable in Pakistan have been followed in preparation of financial statements and any departures there from has been adequately disclosed and explained.
- 5. The system of internal control is sound in design and has been effectively implemented and monitored and is being improved further.
- 6. There are no significant doubts upon the Company's ability to continue as a going concern.
- 7. There has been no material departure from the best practices of corporate governance, as detailed in the listing regulations.

- 8. The key information as to operating and financial data of the company is available in the annual report. The categories and pattern of shareholding as required by the Companies Ordinance, 1984 are also included in the annual report.
- 9. No trading in shares of the Company was carried out by the Directors, Executives and their spouses and minor children during the year.
- 10. Due to present financial and liquidity position, the Company has been facing difficulties in fulfilling its financial obligations. The details of amounts overdue if any are disclosed in relevant notes to the financial statements.
- 11. The management has introduced structural changes in the organization structure of your Company with a view to consolidate and streamline overall functions into five departments to ensure efficient working environment with better MIS and management & cost controls.
- 12. During the year two meetings of the Board of Directors. Leave of absence was granted to those Directors who could not attend some of the Board meetings.

Mr. Muhammad Tariq Masud	Director	2	2
Ms. Parveen A. Malik	Director	2	2

Audit Committee

As the Board was non-functional due to court order hence could not form audit and HRR Committee.

External Auditors

The KPMG Taseer Hadi & Company was appointed auditors for year 2016 in the 25th AGM held in 2015 but could not conduct the audit due to inactive Board (under suspension order of the court). The KPMG Taseer Hadi & Co. resigned in October, 2018. On restoration of the Board, M/s. Rahman, Sarfaraz Rahim, Iqbal Rafique were appointed as auditors of the Company for the year 2016, 2017 and 2018. This was later ratified in EOGM of the Company held on 26th November, 2018.

^{(*}Opted on the Board in February, 2015 but approval was granted by SECP in August, 2015.)

^{**}Attended Meetings held after June 30, 2015 to date.

Annual Report 2017

Pattern of Shareholding

The pattern of shareholding as required under section 236(2)(d) of the Companies Ordinance, 1984 and Clause (xvi) of the Code of Corporate Governance form part of this annual Report.

Six Year s' Operating and Financial Data

Six year financial performance and data of the Company are summarized and annexed to these financial Statements.

Acknowledgement

On behalf of the Board, we would like to express our sincere appreciation to the shareholders for their continued trust and patronage, the Securities and Exchange Commission of Pakistan and other Regulatory bodies for their guidance and support.

STATEMENT OF COMPLIANCE WITH THE CODE OF CORPORATWE GOVERNANCE

For the year ended 30 June 2017

This statement is being presented by the Board of Directors of the Company to comply with the CCG contained in Regulation No. 35 of Listing Regulations of the Pakistan Stock Exchanges for the purpose of establishing a frame work of good governance, whereby a listed company is managed in compliance with the best practices of corporate governance.

The Company has applied the principles contained in the CCG 2012 in the following manner:(It may please be noted that this statement is being issued in March,2019 as the financial audit was delayed due to suspension of functioning of the board due to stay order obtained by a director in election held in March 2016, which were declared void by the SECP in its report and vacation of the stay order issued by Sindh High Court in July 2018

1. The Company encourages representation of independent non-executive directors and directors representing minority interests on its Board of Directors. The present Board includes one Independent Director in terms of definition as contained in the Code of Corporate Governance. At present the Board includes:

Category	Name
Independent Director	Mr.Niaz Ahmed Khan*
Executive Director	Mr. Muhammad Tariq Masud CEO/MD
Non-Executive Directors	Ms. Parveen A.Malik

As per CCG, minimum No. of directors on the Board of a listed company is seven (7) whereas in SPLC, presently there are three (3) directors that has made up its Board. The remaining casual vacancy is being filled.

(*Opted on the Board in February, 2015 with approval granted by SECP in August, 2015.)

- The directors have confirmed that none of them is serving as a director on more than seven listed companies, including this Company (excluding the listed subsidiaries of listed holding companies where applicable).
- 3. All the resident directors of the Company are registered as tax payers and none of them has defaulted in payment of any loan to a banking company, DFI or NBFI or, being a member of stock exchange, has been declared as a defaulter by that stock exchange.
- 4. During the year, four casual vacancies occurred on the Board, of which one was duly filled while the remaining casual vacancy is being filled.
- 5. The Company has prepared a 'Code of Conduct' and has ensured that appropriate steps have been taken to disseminate it throughout the Company along with its supporting policies & procedures.
- 6. The Board has developed a vision/mission statement, overall corporate strategy and significant policies of the Company. A complete record of the particulars of significant policies along with the dates on which they were approved or amended has been maintained.
- 7. All the powers of the Board have been duly exercised and decisions on material transactions, including appointment and determination of remuneration of the CEO, other executive/ non-executive directors, have been taken by the Board/shareholders.
- 8. The meetings of the Board were presided over by the Chairman and, in his absence, by a director elected by the board for this purpose and the Board met at least once in every quarter. Written notices of the Board Meetings, along with the agenda and working papers, were circulated at least seven days before the meetings. The minutes of the meetings were appropriately recorded and circulated amongst the Board members within 14 days of holding of the Board meeting. The proper and fair minutes book duly signed by the Secretary and the Chairman is maintained by the Company Secretary.

Annual Report 2017

10. The Board being non-functional could not appointment the Chief Financial Officer (CFO), Company Secretary and Head of Internal Audit and could not fix their remuneration and terms and conditions of employment. During the preceding year, the CFO resigned and the said post remained vacant.

11. The Directors' Report for the year has been prepared in compliance with the requirements of the CCG and fully described the salient matters required to be disclosed.

12. The financial statements of the Company were duly endorsed by the present Chief Executive Officer on recommendation of the present Chairperson Audit Committee and are approved by the Board.

13. The Directors, Chief Executive Officer and executives do not hold any interest in the shares of the Company other than that disclosed in the pattern of shareholding.

14. The Company has complied with the corporate and financial reporting requirements of the CCG.

15. The Board has formed an Audit Committee comprising of two members, all non-executive directors. However, after failing to fill the casual vacancies of Directors, the strength of Audit Committee reduced to two members, both are non-executive Directors. The position of third member of the Audit Committee has subsequently been filled by a non-executive director.

16. As per the requirements of CCG, the Board is considering to set up level of materiality keeping in view the circumstances of the Company.

17. The meetings of the Audit Committee could not be held at least once in every quarter due to board being non-functional under suspension and approval of interim and final results of the Company could not be done and as required by the CCG. The terms of reference of the Committee have not been formed for compliance of the Committee as the committee was not in existence.

18. The Board being non-functional could not form an HR and Remuneration Committee as per requirement of CCG.

19. The Board being non-functional could not set up an effective internal audit function due to non existence of the Audit Committee.

20. The statutory auditors of the Company have confirmed that they have been given a satisfactory rating under the quality control review program of the ICAP, that they or any of the partners of the firm, their spouses and minor children do not hold shares of the company and that the firm and all its partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the ICAP.

21. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.

22. The 'closed period', prior to the announcement of interim/final results, and business decisions, which may materially affect the market price of the Company's securities, was determined and intimated to directors, employees and stock exchanges.

23. Material/price sensitive information has been disseminated among all market participants at once through stock exchanges.

24. We confirm that all other material principles enshrined in the Code have been complied with.

On behalf of the Board of Directors

Niaz Ahmed Khan

REVIEW REPORT TO THE MEMBERS ON STATEMENT OF COMPLIANCE WITH BEST PRACTICES OF CODE OF CORPORATE GOVERNANCE

Introduction

We were engaged to review the enclosed Statement of Compliance with the best practices contained in the Code of Corporate Governance ('the Code') prepared by the Board of Directors of M/s. Saudi Pak Leasing Company Limited ('the Company') for the year ended June 30, 2017 to comply with the quirements of Regulation no. 5.19 of the listing regulations (as it stood prior to its deletion as a result of an amendment approved by the Securities and Exchange Commission of Pakistan effective from June 07, 2018) issued by Pakistan Stock Exchange Limited (PSX) where the Company is listed.

Responsibility of the Board of Directors of the Company

The Board of Directors of the Company are responsible for ensuring compliance with the provisions of the Code contained in Regulation no. 5.19 of the listing regulations issued by PSX.

Auditor's Responsibility

Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Code.

As a part of our audit of the financial statements we are required to obtain an understanding of the counting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Code requires the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required to ensure compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We are not required to carry out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

However, because of the matters described in Bases for Disclaimer of Conclusion paragraph below, we were not able to obtain sufficient appropriate evidence to provide a basis for a review conclusion.

Tel. No.: (021) 34549345-E-Mail: info@rsrir.com Website: www.rsrir.com

Other Offices at Lahore - Rawalpindi / Islamabad

Bases for Disclaimer of Conclusion

- (a) Composition of the Board of Directors and other related matters
 - Clause 1 of the Statement of Compliance for the year ended June 30, 2017 shows the following composition of the Board of Directors:

Category	Name of Directors
Independent Director	Mr. Niaz Ahmed Khan
Executive Director	Mr. Muhammad Tariq Masud
Non-Executive Director	Ms. Parveen A.Malik

We observed that the above directors had completed their tenure of office and were to be reelected as directors in 25th Annual General Meeting (AGM) of the Company scheduled to be held on March 22, 2016 (as mentioned in the notice of the 25th AGM published as part of the Company's annual report for the year ended June 30, 2015). However, since a certified true copy of the minutes of such AGM were not made available for our review, we were unable to obtain necessary evidence as to whether the above named individuals were duly re-elected as directors of the Company.

- No explanations or documentary evidences in support of whether Mr. Niaz Ahmed Khan duly met the prescribed criteria for being an independent director of the Company were provided to us;
- During the year ended June 30, 2017, the number of directors of the Company remained below the minimum number of seven (07) directors required for a listed company as stipulated under section 174 of the Companies Ordinance, 1984 which, at that time, was in force and binding on the Company; and
- No documentary evidence in support of the Company's assertion that the above named directors meet the requisite fit and proper criteria specified by the Securities and Exchange Commission of Pakistan (SECP) was made available for our inspection.

(b) Directors' declarations

Clauses 2, 3 and 13 of the Statement of Compliance are read as follows:

"The directors have confirmed that none of them is serving as a director on more than seven listed companies, including this Company (excluding the listed subsidiaries of listed holding companies where applicable)" [Clause 2]

"All the resident directors of the Company are registered as tax payers and none of them has defaulted in payment of any loan to a banking company, DFI or NBFI or, being a member of stock exchange, has been declared as a defaulter by that stock exchange." [Clause 3]

"The Directors, Chief Executive Officer and executives do not hold any interest in the shares of the Company other than that disclosed in the pattern of shareholding." [Clause 13]

We were unable to obtain any assurance over the accuracy of the above assertions since the related written undertakings / declarations obtained from the directors were not made available for our review.

Website: www.rsrir.com

Bases for Disclaimer of Conclusion (continued)

(c) Casual vacancies on the Board of Directors

Clause 4 of the Statement of Compliance states as follows:

"During the year, four casual vacancies occurred on the Board, of which one was duly filled while the remaining casual vacancy is being filled."

No adequate explanations or documentary evidences in support of the above assertion were provided to us. In particular, we were not provided with any explanations as to which four directors vacated their office during the year ended June 30, 2017, which casual vacancy was filled subsequently and time frame within which such vacancy was filled. Further, as concerns the other three casual vacancies, it has been mentioned in the Statement of Compliance that such vacancies are being filled which, in our view, is not a correct statement since, as on the date of this review report, a new Board of Directors is already in place which was elected in the Extra Ordinary General Meeting of the Company held on November 26, 2018. Hence, in our view, the question of whether such vacancies are currently being filled no longer arises.

(d) Preparation and dissemination of the Code of Conduct and significant policies

Clauses 5 and 6 of the Statement of Compliance are reproduced below:

"The Company has prepared a 'Code of Conduct' and has ensured that appropriate steps have been taken to disseminate it throughout the Company along with its supporting policies and procedures." [Clause 5]

"The Board has developed a vision/mission statement, overall corporate strategy and significant policies of the Company. A complete record of the particulars of significant policies along with the dates on which they were approved or amended has been maintained." [Clause 6]

We were unable to satisfy ourselves as to the accuracy of the above-quoted statements since the copies of the Code of Conduct and the significant policies approved by the Board of Directors were not available for our inspection.

(e) Execution of their powers by the Board of Directors

Clause 7 of the Statement of Compliance is read as follows:

"All the powers of the Board have been duly exercised and decisions on material transactions, including appointment and determination of remuneration of the CEO, other executive / non-executive directors, have been taken by the Board / shareholders."

We could not obtain any assurance over the above statement since the necessary supporting documentation (such as minutes of meetings of the Board of Directors evidencing their decisions on material transactions) was not made available for our review. Further, in our view, the above statement is in conflict with clauses 8, 10, 17, 18 and 19 of the Statement of Compliance according to which the Board of Directors was non-functional during the year ended June 30, 2017.

(f) Non-compliance with the financial reporting requirements of the Code and other connected matters Clauses 14, 22 and 23 of the Statement of Compliance are reproduced below:

"The Company has complied with the corporate and financial reporting requirements of the CCG." [Clause 14]

"The 'closed period' prior to the announcement of interim / final results, and business decisions, which may materially affect the market price of the Company's securities, was determined and intimated to directors, employees and stock exchanges." [Clause 22]

"Material / price sensitive information has been disseminated among all market participants at once through stock exchanges." [Clause 23]

Other Offices at Lahore - Rawalpindi / Islamabad

Bases for Disclaimer of Conclusion (continued)

(f) Non-compliance with the financial reporting requirements of the Code and other connected matters (continued)

In our view, the assertion in clause 14 that the Company has complied with all the financial reporting requirements of the Code is incorrect since subsequent to June 30, 2015, no quarterly, half yearly or annual financial statements of the Company could be issued within the time frame stipulated under the Code. Keeping this fact in perspective, the statement in clause 22 also is regarded as inappropriate since, in the absence of announcement of interim / final results of the Company, the question of determination of the 'closed period' and its intimation to concerned parties does not arise. Finally, in relation to clause 23 above, we were not provided with either any explanations as to what reportable material / price sensitive information was identified by the Company or the documentary evidences to support its dissemination to the stock exchange.

Omission of mandatory statement with respect to maintenance of register of persons having access to inside information

In September 2016, a new sub-clause 5.19.23 (currently numbered as 5.19) had been added to PSX regulations requiring the listed companies to maintain and regularly update a register to enlist persons employed under contract or otherwise, who have access to inside information, in the manner as provided in Access to Inside Information Regulations, 2016 and, for that purpose, to designate a senior management officer to be responsible for entering and removing names of persons in the said register in a timely manner. Upon insertion of this sub-clause, the prescribed format of the statement of compliance had also been amended to include the following mandatory clause:

"The company has complied with the requirements relating to maintenance of register of persons having access to inside information by designated senior management officer in a timely manner and maintained proper record including basis for inclusion or exclusion of persons from the said list."

However, since no such statement was included in the Statement of Compliance nor any related documentation was made available for review and verification, we remained unable to obtain any assurance as to whether the Company had complied with the aforementioned requirements of the Code relating to maintenance of register of persons having access to inside information.

isclaimer of Conclusion

Because of the significance of the matters described in the Bases for Disclaimer of Conclusion paragraph above, we have not been able to obtain necessary evidence to provide a basis for a conclusion as to whether anything has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code as applicable to the Company for the year ended June 30, 2017.

Non-Compliances Reported in the Statement of Compliance

Despite our disclaimer of conclusion as expressed above, we would like to highlight the following instances of non-compliance with the requirements of the Code as reported in the Statement of Compliance for the year ended June 30, 2017:

Clause reference	Description of non-compliance
8	The meetings of the Board of Directors could not be held during the year due to lack
	of number of directors required to complete the prescribed quorum.
10	The Board of Directors, being non-functional, could not appoint the Chief Financial
	Officer (CFO), Company Secretary and Head of Internal Audit and could not fix their
	remuneration and terms and conditions of employment.

AUDITORS' REPORT TO THE MEMBERS

REPORT ON THE FINANCIAL STATEMENTS

Introduction

We were engaged to audit the annexed balance sheet of M/s.Saudi Pak Leasing Company Limited ('the Company') as at June 30, 2017 and the related profit and loss account, statement of comprehensive income, statement of changes in equity and cash flow statement together with the notes forming part thereof, for the year then ended ('the financial statements').

Management's Responsibility for the Financial Statements

It is the responsibility of the Company's management to establish and maintain a system of internal control, and prepare and present the financial statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the financial statements. However, because of the matters described in Bases for Disclaimer of Opinion paragraph below, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Bases for Disclaimer of Opinion

Investment in finance leases

As on June 30, 2017, the Company's gross and net investment in finance leases (excluding the effect of provision for non-performing leases) amounted to Rs. 1.712 billion (2016: Rs. 1.736 billion) and Rs. 1.383 billion (2016: Rs. 1.403 billion), respectively. We were unable to satisfy ourselves as to the existence and accuracy of such lease receivables due to the following reasons:

In a number of cases, the Company's net investment in finance lease balances were not in agreement with the underlying information retained in relevant customer's lease file comprising of lease amortization schedules and other supporting documents including original lease agreements etc. There was insufficient underlying documentary evidences in relation to revision that were purportedly incorporated in lease rentals in prior years due to repricing of lease finance facility as a result of floating interest rates and amendment caused by subsequent rescheduling of overdue lease rentals. This noted discrepancy could not be reconciled by the Company's management. However, as reported in note 10 to the financial statements, the Company's net investment in finance leases, in aggregate, is in reconciliation with Company's subsidiary record;

-: 2 :-

Bases for Disclaimer of Opinion (continued)

Investment in finance leases (continued)

- As reported in note 10 the financial statements, markup held in suspense as on June 30, 2017 amounted to Rs. 329.686 million (2016: Rs. 332.202 million). In contrast, markup held in suspense as reflected in the Company's subsidiary record of finance leases amounted to Rs. 240.821 million as on June 30, 2017 (2016: Rs. 243.331 million). This noted discrepancy could not be reconciled by the Company's management; and
- As reported in note 10 the financial statements, residual value of leased assets forming part of gross investment in finance leases, as on June 30, 2017, amounted to Rs. 344.570 million (2016: Rs. 355.194 million). In contrast, security deposits payable as reported in note 20 to the financial statements amounted to Rs. 324.249 million as on June 30, 2017 (2016: Rs. 334.340 million). This noted discrepancy could not be reconciled by the Company's management.

In view of the aforementioned limitations, we were unable to determine whether any adjustments might have been found necessary in respect of such lease receivable and the related security deposit balances as on June 30, 2017 as well as the income from finance leases for the year then ended

Property, plant and equipment

The Company carries its office premises, plant and machinery, and generators under the revaluation model described in the International Accounting Standard (IAS) 16 Property, Plant and Equipment. That standard requires the revaluations to be made with sufficient regularity to ensure that the carrying amount of the assets does not differ materially from that which would be determined using fair value at the end of the reporting period. However, we noted that last revaluation of property, plant and equipment was carried out by the Company in June 2012 since when no adjustments in respect of subsequent change in fair value of the assets have been recognized in the financial statements.

Since no fresh valuation of property, plant and equipment was carried out by the Company's management, we were unable to determine whether any adjustments might have been found necessary in respect of the written down value of the office premises, plant and machinery and generators as on June 30, 2017 as well their corresponding effects recognized or to be recognized in profit or loss or other comprehensive income.

Bases for Disclaimer of Opinion (continued)

Investment in unquoted equity instruments

As on June 30, 2017, the Company had an investment in unquoted ordinary shares of M/s. SPI Insurance Company Limited which have been carried at cost notwithstanding their classification, in the financial statements, as 'available-for sale' investments. In this connection, we noted that the International Accounting Standard (IAS) 39 Financial Instruments Recognition and Measurement requires the investments in equity instruments not having a quoted market price in an active market to be measured at cost only if their fair value cannot be reliably measured. We further noted that the published historical financial statements of the above named investee company are readily available and, hence, the fair value of the investments could be measured reliably by employing standard business valuation models (for e.g. the Discounted Free Cash Flow to Equity methodology).

-: 3 :-

However, since the aforesaid valuations were not carried out by management, we were unable to determine whether any adjustments might have been found necessary in respect of the carrying amount of investments in unquoted equity instruments as on June 30, 2017 as well as the corresponding effects of change therein to be recognized in other comprehensive income.

Disclaimer of Opinion

Because of the significance of the matters described in the Bases for Disclaimer of Opinion paragraph above, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion as to whether the balance sheet, profit and loss account, statement of comprehensive income, statement of changes in equity and cash flow statement with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and, give the information required by the Companies Ordinance. 1984, in the manner so required and, respectively, give a true and fair view of the state of the Company's affairs as at June 30, 2017 and of the loss, total comprehensive loss, its changes in equity and cash flows for the year then ended.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

Because of the significance of the matters described in the Bases for Disclaimer of Opinion paragraph above as well as other limitations faced during the course of our engagement, we have not been able to obtain sufficient appropriate evidence to provide a basis for an opinion on the following matters as required by the Companies Ordinance, 1984:

- (a) whether, in our opinion, proper books of accounts have been kept by the Company as required by the Companies Ordinance, 1984;
- (b) whether, in our opinion, the statement of financial position and the statement of profit or loss together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984, and are in agreement with the books of accounts and are further in accordance with accounting policies consistently applied.

Accordingly, we do not express an opinion on the matters identified in (a) and (b) above.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS (CONTINUED)

However, we would like to state that, in our opinion:

(i) the expenditure incurred during the year was for the purpose of the Company's business; and

(ii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Company; and

(iii) no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

Chief Executive Director

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 June 2017

1. LEGAL STATUS AND OPERATIONS

- 1.1 Saudi Pak Leasing Company Limited (the Company) was incorporated in Pakistan on 08 January 1991 under the repealed Companies Ordinance, 1984 and is listed on Pakistan Stock Exchange Limited. The registered office of the Company is situated at 6th Floor, Lakson Square Building No.1, Sarwar Shaheed Road, Saddar, Karachi. The main business activity of the Company is leasing of assets. The Company's license to carry out the business of leasing had expired on 18 May 2010 and renewal is pending with the Securities and Exchange Commission of Pakistan (SECP).
 - Saudi Pak Industrial & Agricultural Investment Company Limited (SAPICO) is the major shareholder and as of 30 June 2017 holds 35.06% (2016: 35.06%) of issued ordinary share capital of the Company and 63% (2016: 63%) of issued preference share capital of the Company.
- 1.2 These financial statements were required to be presented before the members of the Company in an annual general meeting to be held latest by October 31, 2017; however, due to certain administrative and governance issues, the same are being issued now in March 2019. With effect from August 2018, the Company is being headed by a new Managing Director. Furthermore, a new Board of Directors of the Company had also been reconstituted in its extra ordinary general meeting held on November 26, 2018 which was approved by the Securities and Exchange Commission of Pakistan (SECP) on January 04, 2019.
 - Based on the direction received from the SECP on February 08 2019, the Company was required to prepare its financial statements and convene and hold the overdue AGMs for the years ended June 30, 2016, June 30, 2017 and June 30, 2018 not later than March 31, 2019. Accordingly, after a prolonged delay of over three years, these financial statements have been prepared and presented by the present management of the Company to ensure due compliance with the aforementioned direction received from the SECP the extension to hold AGM for approved of three years financials allowed upto May 31, 2019 by SECP and also approved by Pakistan Stock Exchange.
- 1.3 As of the reporting date, the Company is exposed to the following material uncertainties which cast significant doubts on the Company's ability to continue as a going concern and, therefore, it may be unable to realize its assets and discharge its obligations in the normal course of business:
 - During the year ended June 30, 2017, the Company incurred a net loss amounting to Rs. 69.309 million (2016: Rs. 118.853 million) and as of that date its accumulated loss amounted to Rs. 1.804 billion (2016: Rs.1.740 billion), its equity was negative by Rs. 647.165 million (2016: Rs. 583.262 million) and its current liabilities exceeded current assets by Rs. 697.784 million (2016: Rs. 642.574 million). The Company's accumulated loss is mainly attributable to the amount provided for against stuck up overdue balance of net investment in lease, short term loans and other assets as well as recording of mark up on Certificates of Investment and other liabilities outstanding.
 - In its financial statements for the year ended June 30, 2015, the Company had disclosed its expectation of a substantial equity injection by a new incoming shareholder having been then identified by one of the strategic shareholders intending to revive the Company. This expectation, however, did not materialize for the reason that leasing business, since long, had been on a declining trend which is evident from the fact that 9 out of 33 major leasing companies remained in the field. This is mainly attributable to non-availability of long term funds at low costs, withdrawal of credit lines by the banks, high non-performing portfolio of leases and loans and slowdown in economic activities. Each of these factors has impacted leasing business to a considerable extent, and, similarly, affected the Company's revenue generation and earning capacity.
 - The Company's license to carry out the leasing business expired on May 18, 2010 and the Company has not been able to obtain renewal thereof from the SECP as the legal requirements laid down in this respect could not be met by the Company.
 - The credit rating of the Company has not been re-assessed since it was last downgraded as in June 2010 and, since then, the Company is not permitted to issue new certificates of investment.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 June 2017

- Previously, the Company had entered into various agreements with its lenders (including, financial institutions, TFC holders and holders of Certificates of Investment for restructuring of its borrowing facilities with the objective of matching the expected recoveries from customers with its obligations to pay the lenders. However, the Company has continuously defaulted in meeting its financial obligations. As of June 30, 2017, total outstanding principal and accrued markup on which defaults were made amounted to Rs. 664.012 million (2016: Rs 666.775 million) and Rs. 330.062 million (2016: Rs.299.506 million), respectively.
- Since 2010, the Company has not extended any lease facility to its customers owing to expiry of its leasing license. However, it continued its activities with a barely sufficient number of employees required for managing its recoveries from customers and for handing its financial obligations to lenders.

Despite the existence of the foregoing material uncertainties, these financial statements have been prepared using the going concern assumption primarily due to the reason that the Company managed to continue its operations in financial years subsequent to 2016-17 and, as of the date of approval of these financial statements, a number of recovery suits filed by the Company against its customers are expected to be disposed off in due course of time as the new management is actively seeking out-of-court settlement of such suits by way of auction of collateralized assets and / or negotiated settlements. This is expected to materially improve the recoveries of overdue lease rentals and term loans from customers which, in turn, would enable the Company to settle its long outstanding financial liabilities to lenders in order to make the Company a feasible investment avenue for a resourceful investor. For this very reason, the major shareholder has made arrangements for the reconstitution of the Board of Directors and entrusted them with the responsibility of speeding up the recovery process as well as negotiate settlement of liabilities.

- **1.4** For the reasons mentioned above, the Company has not been able to comply with most of the regulatory requirements of Non-Banking Finance Companies and Notified Entities Regulations, 2008 including the following:
 - Regulation 5 (1) aggregate liabilities, excluding contingent liabilities and security deposits, of an NBFC, shall not exceed ten times of the Company's equity (in case of operations beyond the first 2 years).
 - Regulation 5 (2) contingent liabilities of an NBFC shall not exceed seven times of its equity for the first two years of its operations and ten times of its equity in the subsequent years.
 - Regulation 14 (4) (h) the deposits raised by the NBFC, from individual depositors including sole proprietorships shall not exceed three times of the equity of the NBFC.
 - Regulation 17 (1) total outstanding exposure (fund and non-fund based) of an NBFC to a person shall not at any time exceed 30% of the equity of the NBFC, provided that the maximum outstanding fund based exposure should not exceed 20% of the NBFC's equity.
 - Regulation 17 (2) total outstanding exposure (fund based and non-fund based) of an NBFC to any group shall not exceed 50% of the equity of the NBFC, provided that the maximum outstanding fund based exposure should not exceed 35% of the equity.
 - Regulation 19 (g) an NBFC shall not hold shares on aggregate basis, whether as pledge, mortgagee or absolute owner, of an amount exceeding 20% of the paid-up share capital of that company or 20% of its own equity.
 - Regulation 28 (d) total investments of a leasing company in shares, equities or scrips shall not exceed 50% of the equity of the leasing company.
 - Regulation 28 (e) a leasing company shall not own shares, equities or scrips of any one company in excess of 10% of its own equity or the issued capital of that company, whichever is lower.

For the reasons mentioned above, the Company has not been able to comply with most of the regulatory requirements of Non-Banking Finance Companies and Notified Entities Regulations, 2008 including the following:

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 June 2017

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. As per the requirements of circular no. 23/2017 dated October 04, 2017 issued by the SECP, companies the financial year of which closes on or before December 31, 2017 shall prepare their financial statements in accordance with the provisions of the repealed Companies Ordinance, 1984. Accordingly, approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984, the Non-Banking Finance Companies (Establishment and Regulations) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (NBFC Regulations) and the directives issued by the SECP. In case requirements differ, provisions or directives of the Companies Ordinance, 1984, NBFC Rules and NBFC Regulations and directives issued by the SECP shall prevail.

As mentioned in note 1.3 above, although the Company's license to carry out the business of leasing had expired on 18 May 2010, these financial statements have been prepared in accordance with the format generally followed for financial institutions and the provisioning requirements have been determined in accordance with the requirements of NBFC Regulations, 2008.

2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention except for plant and machinery which are stated at revalued amounts, investments classified as available for sale which are stated at fair value and obligations in respect of gratuity which are measured at present value of defined benefit obligations less fair value of plan assets.

2.3 Functional and presentation currency

These financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency and has been rounded-off to the nearest rupee.

2.4 Use of estimates and judgments

The preparation of financial statements in conformity with approved accounting standards as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which forms the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in period of revision and future periods if the revision affects both current and future periods.

Significant accounting estimates and areas where judgements were made by the management in the application of accounting policies are discussed in following notes:

- Future financial projections and going concern assumptions;
- Classification of investments and impairment thereon;
- Residual values and useful lives of property, plant, equipment and investment properties;
- Revaluation of property, plant and equipment;
- Recognition and measurement of current and deferred taxes;
- Valuation of defined benefit plan assets and liabilities;
- Allowance for potential lease, loan losses and other receivables; and
- Classification of investment in leases

For the year ended 30 June 2017

2.5 Amendments / interpretation to existing standard and forthcoming requirements

a) Standards, amendments or interpretations which became effective during the year

During the year, certain amendments to standards or new interpretations became effective, however, the amendments or interpretation were either not relevant to the Company's operations or were not expected to have any significant impact on the Company's financial statements.

b) New / revised accounting standards, amendments to published accounting standards and interpretations that are not yet effective:

The following standards, amendments and interpretations of approved accounting standards will be effective for accounting periods beginning on or after the dates specified below:

- Amendments to IAS 12 'Income Taxes' (effective for annual periods beginning on or after 1 January 2017) The amendments clarify that the existence of a deductible temporary difference depends solely on a comparison of the carrying amount of an asset and its tax base at the end of the reporting period, and is not affected by possible future changes in the carrying amount or expected manner of recovery of the asset.
- Amendments to IAS 7 'Statement of Cash Flows' are part of IASB's broader disclosure initiative and are effective for annual periods beginning on or after 1 January 2017. The amendments require disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flow and non-cash changes.
- Amendments to IFRS 2 'Share-based Payment' clarify the accounting for certain types of arrangements and are effective for annual periods beginning on or after 1 January 2018. The amendments cover three accounting areas (a) measurement of cash-settled share-based payments; (b) classification of share-based payments settled net of tax withholdings; and (c) accounting for a modification of a share-based payment from cash-settled to equity-settled. The new requirements could affect the classification and/or measurement of these arrangements and potentially the timing and amount of expense recognized for new and outstanding awards. The amendments are not likely to have an impact on Company's financial statements.
- Transfers of Investment Property (Amendments to IAS 40 'Investment Property' effective for annual periods beginning on or after 1 January 2018) clarifies that an entity shall transfer a property to, or from, investment property when, and only when there is a change in use. A change in use occurs when the property meets, or ceases to meet, the definition of investment property and there is evidence of the change in use. In isolation, a change in management's intentions for the use of a property does not provide evidence of a change in use. The amendments is not likely to have an impact on the Company's financial statements.
- Annual improvements to IFRS standards 2014-2016 cycle. The new cycle of improvements addresses improvements to following approved accounting standards:
- Amendments to IFRS 12 'Disclosure of Interests in Other Entities' (effective for annual periods beginning on or after 1 January 2017) clarify that the requirements of IFRS 12 apply to an entity's interests that are classified as held for sale or discontinued operations in accordance with IFRS 5 'Non-current Assets Held for Sale and Discontinued Operations'. This amendment are not likely to have an impact on Company's financial statements.
- Amendments to IAS 28 'Investments in Associates and Joint Ventures' (effective for annual periods beginning on or after 1 January 2018) clarifies that a venture capital organization and other similar entities may elect to measure investments in associates and joint ventures at fair value through profit or loss, for each associate or joint venture separately at the time of initial recognition of investment. Furthermore, similar election is available to non-investment entity that has an interest in an associate or joint venture that is an investment entity, when applying the equity method, to retain the fair value measurement applied by that investment entity associate or joint venture to the investment entity associate's or joint venture's interests in subsidiaries. This election is made separately for each investment entity associate or joint venture. This amendment is not likely to have an impact on Company's financial statements.

For the year ended 30 June 2017

- IFRIC 22 'Foreign Currency Transactions and Advance Consideration' (effective for annual periods beginning on or after 1 January 2018) clarifies which date should be used for translation when a foreign currency transaction involves payment or receipt in advance of the item it relates to. The related item is translated using the exchange rate on the date the advance foreign currency is received or paid and the prepayment or deferred income is recognized. The date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income (or part of it) would remain the date on which receipt of payment from advance consideration was recognized. If there are multiple payments or receipts in advance, the entity shall determine a date of the transaction for each payment or receipt of advance consideration. This amendment is not likely to have an impact on Company's financial statements.
- IFRIC 23 'Uncertainty over Income Tax Treatments' (effective for annual periods beginning on or after 1 January 2019) clarifies the accounting for income tax when there is uncertainty over income tax treatments under IAS 12. The interpretation requires the uncertainty over tax treatment be reflected in the measurement of current and deferred tax. The Company is currently in the process of analyzing the potential effects that this interpretation may have on its financial statements for future reporting periods.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These accounting policies have been applied consistently to all years presented.

3.1 Cash and cash equivalents

Cash and cash equivalents comprise of cash balances and bank deposits. For the purpose of cash flow, cash and cash equivalents carried in the balance sheet comprise of cash in hand and balances with banks in current and saving accounts.

3.2 Investments

All purchases and sales of securities that require delivery within the time frame established by regulation or market conventions are recognized at the trade date. Trade date is the date on which the Company commits to purchase or sell the asset. The investments of the Company have been categorised as per the requirements of IAS 39 as follows:

Investments at fair value through profit or loss

A non-derivative financial asset is classified as, at fair value through profit or loss if it is held for trading or is designated as such, upon initial recognition. Investments are designated at fair value through profit or loss if the Company manages such investments and makes purchase and sale decisions based on their fair values. Upon initial recognition, attributable transaction cost are recognised in profit or loss when incurred. Investments at fair value through profit or loss are remeasured at fair value, and changes therein are recognised in profit or loss. The fair value of financial assets at fair value through profit or loss is determined by reference to their quoted bid price at the reporting date in the active market.

Held-to-maturity

Held-to-maturity investments are non-derivative financial instruments with fixed or determinable payments and fixed maturity that the Company has the positive intention and ability to hold to maturity. Investments intended to be held for an undefined period are not included in this classification. Other investments that are intended to be held to maturity are recognised initially at fair value, plus attributable transaction costs and subsequently are measured at amortised cost using the effective interest rate method.

Premiums and discounts on held to maturity investments are amortised using the effective interest rate method and taken to income from investments.

For the year ended 30 June 2017

Available-for-sale

Available-for-sale financial assets are non-derivative financial assets that are designated as available-for-sale or are not classified in any of the preceding categories. Available-for-sale financial assets are recognised initially at fair value plus any directly attributable transaction cost. Subsequent to initial recognition, they are measured at fair value and changes therein other than impairment losses are recognised in other comprehensive income and presented in separate component in equity. When an investment is derecognised, the gain or loss is accumulated in equity is reclassified to profit or loss.

For investments that are actively traded in organised financial markets, fair value is determined by reference to stock exchange quoted market bids at the close of business on the date.

Unquoted investments, where the fair value cannot be reliably determined, are recognised at cost less impairment, if any. Provision for impairment in value, if any, is taken to profit and loss account.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Such financial assets are carried at amortized cost using the effective interest rate method. Gains and losses are recognized in the profit and loss account when the loans and receivables are derecognized or impaired, as well as through the amortization process.

3.3 Property, plant and equipment

Operating assets

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any (except for office premises and operating lease assets which are stated at revalued amount less accumulated depreciation and impairment loss, if any).

Depreciation is charged to profit and loss account applying the straight line method in accordance with the rates specified in note-12 whereby the cost / revalued amount of an asset is written-off over its estimated useful life. Depreciation on additions is charged from the month in which the asset is available for use and on disposals up to the preceding month of disposal.

Surplus on revaluation of property and equipment is credited to the surplus on revaluation account. Deficit arising on subsequent revaluation of fixed assets is adjusted against the balance in the above mentioned surplus account as allowed under the provisions of the Companies Ordinance, 1984. To the extent of the incremental depreciation charged on the revalued assets, the related surplus on revaluation of property, plant and equipment (net of deferred taxation) is transferred directly to accumulated loss.

Subsequent costs are included in an asset's carrying amount or are recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other expenses are charged to income during the financial period in which they are incurred.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is recognized in the profit and loss account in the year the asset is derecognized, except that the related surplus on revaluation of fixed assets (net of deferred tax) is transferred directly to unappropriated profit.

Revaluation is carried out with sufficient regularity to ensure that the carrying amount of assets does not differ materially from their fair value.

Capital work-in-progress

Capital work-in-progress is stated at cost less impairment loss, if any. These assets are transferred to operating fixed assets as and when these assets are available for use.

For the year ended 30 June 2017

3.4 Net investment in finance leases

Leases where the Company transfers substantially all the risks and rewards incidental to ownership of an asset to the lessees are classified as finance leases. A receivable is recognized at an amount equal to the present value of the lease payments, including any guaranteed residual value, if any.

3.5 Financial instruments

All financial assets and liabilities are recognized at the time when the Company becomes a party to the contractual provisions of the instrument. Financial assets are derecognized when the Company loses its control of the contractual rights that comprise the financial assets. Financial liabilities are derecognized when they are extinguished i.e. when the obligation specified in the contract is discharged, cancelled or expired. Any gain or loss on derecognition of the financial assets and financial liabilities is taken to profit and loss account directly.

All financial liabilities are initially recognised at fair value plus directly attributable cost (if any) and subsequently measured at amortised cost.

3.6 Leased assets repossessed upon termination of leases

The Company repossesses leased assets in settlement of non-performing lease finance provided to customers. These are stated at lower of the original cost of the related asset, exposure to the Company or net realizable value of the asset repossessed. Gains or losses on repossession of such assets are taken to profit and loss account.

3.7 Operating leases

Leases where the Company does not transfer substantially all the risks and benefits of ownership of the assets are classified as operating lease. Initial direct costs incurred in negotiating operating leases are added to the carrying amount of leased asset and recognized over the lease term on the same basis of rental income.

3.8 Investment properties

Investment properties are accounted for under cost model and are stated at cost less accumulated depreciation and impairment losses, if any. Depreciation is charged to profit and loss account by applying the straight line method at the rate of 5% per annum after taking into account residual value, if any. Depreciation on additions is charged from the month of addition, while no depreciation is charged in the month in which the investment properties are disposed off. The residual values, useful lives and depreciation methods are reviewed and adjusted, if appropriate, at each reporting date.

Gains or losses on sale of investment properties are charged to the profit and loss account in the period in which they arise.

3.9 Revenue recognition

Finance lease income

The Company follows the effective interest method in accounting for the recognition of lease income. Under this method, the unearned lease income i.e. the excess of aggregate lease rentals and the estimated residual value over the cost of the leased assets is deferred and taken to income over the term of the lease, so as to produce a systematic return on the net investment in lease. Unrealised lease income pertaining to non-performing leases is held in suspense account, where necessary, in accordance with the requirements of the NBFC Regulations.

Processing, front-end and commitment fee and commission are recognized as income when such services are provided.

Gain on termination of lease contracts and late payment charges are recognized as income when realised.

Operating lease income

Rental income from assets given under operating leases is recognized on an accrual basis.

For the year ended 30 June 2017

Income on term loans

Income on term loans is recognized using effective yield on a time proportionate basis. However, income on non-performing loan receivables is recognized on receipt basis in accordance with the requirements of the NBFC Regulations.

Mark-up / return on investments

Mark-up income on debt securities is recognised on time proportion basis using the effective yield on instruments.

Dividend income

Dividend income from investments is recognised when the Company's right to receive dividend is established.

Gain on sale of investments

Capital gain or losses arising on sale of investments are taken to income in the period in which they arise.

Interest income on bank deposits

Interest income on bank deposits is recognised on time proportion basis using the effective interest method.

3.10 Taxation

Income tax comprises current and deferred tax. Income tax expense is recognised in profit or loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case, it is recognised in equity or other comprehensive income.

Current

Provision for current taxation is based on taxable income at the current rates of taxation after taking into account available tax credits, rebates and tax losses, or one percent of turnover, whichever is higher. The charge for the current tax is calculated using tax rates enacted or substantively enacted at the reporting date. The charge for current tax also includes adjustments, where considered necessary, relating to prior years.

Deferred

Deferred tax is recognised using the balance sheet liability method on all temporary differences between the carrying amount of assets and liabilities used for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

A deferred tax asset is recognised only to the extent that the entity has sufficient taxable temporary differences or their is convincing other evidence that the sufficient taxable profit will be available against which the unused tax losses or unused tax credits can be utilized by the entity. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised.

3.11 Staff retirement benefits

Defined benefit scheme

The Company operates an approved gratuity fund for its permanent employees who complete the eligible period of service. Provision has been made in accordance with actuarial recommendations using the "Projected Unit Credit Method". Rremeasurements of the net defined benefit liability / assets which comprise actuarial gains and losses, return on plan assets (excluding interest) and the effect of asset ceiling (if any, excluding interest) are recognized immediately in other comprehensive income. Past-service costs are recognized immediately in profit and loss account when the plan amendment occurs.

For the year ended 30 June 2017

Defined contribution scheme

The Company also operates a provident fund scheme for its permanent employees. Equal monthly contributions at a rate of 10 percent of basic salary are made by the Company and its employees. The Company had suspended the contributions of provident fund scheme in accordance with the resolution passed in the meeting of Board of Directors from October 2009. In 2012, the Board of Directors re-instated the provident fund scheme with effect from July 01, 2012.

3.12 Off-setting of financial assets and financial liabilities

Financial assets and financial liabilities are set-off and the net amount is reported in the balance sheet, when and only when, the Company has an enforceable legal right to set-off the amounts and it intends either to settle on net basis or to realize the asset and to settle the liability simultaneously.

3.13 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, if it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

3.14 Allowance for potential lease, loan losses and other receivables

The allowance for potential lease, loan losses and other receivables is maintained at a level which, in the judgment of management, is adequate to provide for potential losses on lease and loan portfolio which can be reasonably anticipated. The adequacy of allowance is evaluated on the basis of Schedule-X and Schedule-XI of Regulation 25 of NBFC Regulations, 2008.

3.15 Borrowings

Borrowings are recognized initially at fair value less attributable transaction costs. Subsequent to initial recognition, these are stated at amortised cost. Interest expense is recognised on an effective interest basis in the profit and loss account over the period of the borrowings.

3.16 Foreign currency translation

Foreign currency transactions are translated into Pak Rupees at exchange rates prevailing on the date of transaction. Monetary assets and liabilities in foreign currencies are translated at the rates of exchange prevailing at the balance sheet date. Exchange differences are included in profit or loss.

3.17 Operating segments

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components. An operating segment's operating results are reviewed regularly by the Executive Committee and Chief Executive Officer (CEO) to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to CEO include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly corporate assets, administrative expenses, and income tax assets and liabilities.

For the year ended 30 June 2017

3.18 Impairment

Available-for-sale financial assets

Impairment losses on available for sale financial assets are recognised by reclassifying the losses accumulated in the fair value reserve in equity to profit and loss account. The cumulative loss that is reclassified from equity to profit and loss account is the difference between the acquisition cost, net of any principal repayment and amortisation, and the current fair value, less any impairment loss recognised previously in profit and loss account. Changes in cumulative impairment losses attributable to application of the effective interest method are reflected as a component of interest income. If, in a subsequent period, the fair value of an impaired available for sale debt security increases and the increase can be related objectively to an event occurring after the impairment loss was recognised, then the impairment loss is reversed, with the amount of the reversal recognised in profit and loss account. However, any subsequent recovery in the fair value of an impaired available for sale equity security is recognised in other comprehensive income.

Non-financial assets

Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

3.19 Dividend distribution

Dividend distribution to the Company's shareholders is recognized in the financial statements in the period in which the dividend is approved by the shareholders.

For the year ended 30 June 2017

9.1 Loans to employees

Loan to employees represent house loans and are secured against the future salaries and retirement benefits of the employees. These loans are repayable within a period of 15 years from the date of disbursement or retirement date of the employee, whichever is earlier. The rate of return on these loans is 4% (2016: 4%) per annum. The maximum amount of loans to employees outstanding during the year amounts to Rs. 1.073 million.

9.2 Term loans due from customers are secured against property. The rate of return on these loans ranges from 16.00% to 22.66% (2016: 16.00% to 22.66%) per annum.

9.3	Provision for non-performing loans	Note	2017 (Rup	2016 nees)

13.	BORROWINGS FROM FINANCIAL INSTITUTIONS	Note	2017	2016
	Letters of Placement - Unsecured		(Rup	oees)
	National Bank of Pakistan Innovative Investment Bank Limited Meezan Bank Limited AKD Aggressive Income Fund KASB Income Opportunity Fund	13.1 13.2 13.3 13.4 13.5	77,500,000 60,000,000 27,001,588 - 10,429,140 174,930,728	77,500,000 60,000,000 27,001,588 2,762,504 10,429,140 177,693,232

- 13.1 This represents finance of Rs. 77.50 million obtained from National Bank of Pakistan on April 01, 2010 through a letter of placement carrying mark-up at a rate of 11.20% per annum for a period of 14 days. Subsequently, the facility was rolled several times up to the total period of 140 days which expired on August 19, 2010. Till to-date, no repayments have made by the Company in respect of this finance. As of 30 June 2017, the Company has accrued a mark-up on this finance amounting to Rs. 62.972 million (2016: Rs. 54.291 million).
- 13.2 This represents finance of Rs. 63 million obtained from Innovative Investment Bank Limited on December 03, 2010 through a letter of placement carrying mark-up at a rate of 8% per annum for a period of 90 days. Due to financial difficulties faced by the Company, this facility was rolled over for a further period of 184 days on March 14, 2011. Since the disbursement of the facility, the Company has an aggregate principal repayment of Rs. 3 million. As of 30 June 2017, the Company has accrued a mark-up on this finance amounting to Rs. 35.235 million (2016: Rs. 30.435 million).
- 13.3 This represents finance of Rs. 150 million obtained from Meezan Bank Limited (MEBL) on September 20, 2008, under Murabaha arrangement at a rate of 12% per annum. On various dates between September 2008 and June 2011, the Company made principal repayments amounting, in aggregate, to Rs. 81 million.

The remaining principal obligation of Rs. 69 million was restructured by way of a settlement agreement entered on April 22, 2011 whereby the Company transferred, to the lender, a lease portfolio of Rs. 32 million. On September 03, 2012, a revised settlement agreement was signed according to which the loan was to be settled by way of transferring 27 membership cards of ACACIA Golf Club ('the Club') (then beneficially held by the Company in its own name) to MEBL valuing, in aggregate, Rs. 27 million as well as making a cash payment of Rs. 9.870 million. The said cash payment as made by the Company on September 06, 2012. Further, the aforementioned membership cards held by the Company are to be transferred after the execution of a tripartite agreement between the Company, MEBL and the Club. Currently, the Company's management is under the process of negotiation for an early execution of the said agreement. As per the revised restructuring terms, the finance carries no mark-up.

- 13.4 During the year, the financial liability of Rs. 2.76 million arising in respect of funds borrowed from M/S. AKD Aggressive Income Fund against issuance of an unsecured Letter of Placement (along with markup accrued thereon amounting to Rs 5.09 million) was settled in full in consideration of the transfer of the Company's investment in ordinary shares of M/s. Pace Barka Properties Limited costing Rs. 4.25 million.
- 13.5 This represents finance of Rs. 117 million obtained from KASB Funds (KASB Income Opportunity Fund and KASB Asset Allocation Fund) on July 13, 2009. Due to liquidity issues being faced by the Company, the finance was, subsequently, restructured by way of a settlement agreement entered into with KASB Funds dated December 28, 2011. As per the said restructuring agreement, the outstanding loan is to be settled by way of transferring of assets / collateral held by the Company against one of its non-performing borrowers, lease receivables of the Company and cash payment of Rs. 23.085 million in the following manner:

For the year ended 30 June 2017

- Down payments of Rs. 1.568 million and Rs. 1.517 million;
- Two subsequent cash payments of Rs. 1 million each; and
- 24 equal instalments of Rs. 0.75 million each.

The Company paid all the instalments as per the restructuring agreement. As a result of these repayments, the outstanding loan due to KASB Asset Allocation Fund had been settled in full. As per restructuring terms, these finances carry no mark-up.

- **19.1.1** The above are secured by way of hypothecation of specific leased assets and associated lease rentals. These facilities were utilized mainly for lease financing activities.
- 19.1.2 This represents a finance of Rs. 100 million obtained from National Bank of Pakistan on March 17, 2005 (mainly for lease financing activities). As per the agreement, loan was payable in semi-annual instalments of Rs. 12.5 million each from September 17, 2005 to March 17, 2009. However, subsequently, the agreement was restructured whereby the maturity date of the loan was extended to March 2010. Up to June 30, 2017, all instalments were paid except for the last instalment due on March 17, 2009 which is yet outstanding. As per the revised agreement, the finance carries mark-up at the rate of 6-month KIBOR + 1.5%, payable semi-annually. As of June 30, 2017, the Company had accrued mark-up amounting to Rs. 11.218 million (2016: Rs. 10.263 million).
- 19.1.3 This represents a finance of Rs. 150 million obtained from First Women Bank Limited (FWBL) through a Letter of Placement dated October 06, 2008 having a tenor of 1 day. Subsequently, the finance was rolled over several times during the period from October 07, 2008 to December 18, 2008. During this period, the Company managed to partially repay the principal and markup amount. Afterwards, the finance was restructured by way of a settlement agreement dated December 31, 2008 whereby the entire principal was converted into 12-month Money Market Finance facility on markup basis. Since the Company failed to make repayment as per agreed terms, the finance was, once again, restructured by way of a settlement agreement dated March 01, 2010. As per the revised rescheduled terms, the entire principal was payable in unequal monthly instalments up to December 31, 2012. The Company paid the instalments up to December 31, 2010 since when no further repayments have been made. Further, as per the revised agreement, the finance carries mark-up at 12% per annum, payable monthly. As of June 30, 2017, the Company had accrued mark-up of Rs. 24.054 million (2016: Rs. 24.054 million).

For the year ended 30 June 2017

- 19.1.4 In March 2009, the Company obtained a finance of Rs. 50 million from Askari Income Fund against Certificate of Investment (COI) which was subsequently converted into a Term Finance Arrangement (TFA). Due to the liquidity issues faced by the Company, the finance was restructured by way of settlement agreements dated March 01, 2010 and January 31, 2011. As per the rescheduled terms, the entire principal was payable in monthly instalments of Rs. 1 million each starting from February 16, 2011 and outstanding mark-up was waived. The Company could managed to pay instalments up to June 2011 since when no repayments have been made. Further, as per rescheduled terms, the Company is liable to pay liquidated damages / penalty amounting to Rs. 10.8 million.
- 19.1.5 As on March 29, 2010, the Company had a financial obligation in respect of Term Finance I, Term Finance II and Running Finance facilities obtained from M/s. Soneri Bank Limited (SBL) amounting to Rs. 66.666 million, Rs. 35 million and Rs. 49.971 million, respectively (in aggregate, Rs. 151.637 million). The said obligation was restructured whereby SBL created a fresh facility of Rs. 115 million as TF-I, Rs. 35 million as TF-II and Rs. 1.5 million as RF. Subsequently, the Company managed to pay its entire liability under TF-II and RF. As regards restructured TF-I, the Company made a principal repayment of Rs. 5 million up to May 07, 2013, on which date, a revised settlement agreement was entered to with SBL to restructure the outstanding obligation of Rs. 110 million which was agreed to be settled as follows:
 - Rs. 43 million by way of transfer of a property (held as collateral of Rs. 43 million against the borrower) or a cash payment of Rs. 25 million as full and final settlement of Rs. 43 million;
 - Rs. 34.5 million by way of transfer of a property (held as collateral of Rs. 34.5 million against the borrower) at Thokar Niaz Baig, Lahore. However, this property has not been transferred to Soneri Bank Limited due to legal complications and the company is considering to offer alternate property of the same value acceptable to Soneri Bank Limited:
 - Cash payment of Rs. 5 million in 12 equal monthly instalments of Rs. 0.416 million each commencing from the date of execution of settlement agreement; and
 - Remaining principal obligation amounting to Rs. 27.5 million to be waived upon successful transfer of properties / cash payment as referred to above.

Subsequently, the Company settled the loan amounting to Rs. 43 million by way of cash payment of Rs. 25 million on August 28, 2013 (and recognised a waiver of Rs. 18 million against the said payment). Further, the Company paid the 12 equal monthly instalments, referred to above, on agreed due dates. However, the transfer of aforesaid property (whereupon the outstanding liability would be extinguished in full) is yet to be executed. As per the revised restructuring terms, the finance carries no mark-up.

- 19.1.6 This represents a finance of Rs. 15.7 million obtained from Silk Bank Limited (SBL) on April 27, 2009 against issuance of irrevocable letter of comfort for opening a letter of credit in favour of Uni-Link International. Up to March 31, 2011, the Company could repay Rs. 4 million and defaulted thereafter. Hence, on September 12, 2012, a settlement agreement was entered into with SBL whereby the finance was restructured and the outstanding loan was agreed to be settled as follows:
 - Down payment of Rs. 0.707 million; and
 - 54 monthly instalments of Rs. 0.204 million each.
- 19.2 This represents third issue of registered and listed term finance certificates (TFCs) issued by the Company to banking companies and financial institutions, trusts and general public. These are secured by way of a first exclusive charge on specific leases including lease rentals and receivables against lease with 25% margin available at all times to the TFCs holders on total outstanding amount of the issue. The total issue comprises of 150,000 certificates of Rs. 5,000 each.

The issue was first restructured by way of "Supplemental Declaration of Trust" dated October 05, 2010 and was further restructured by way of "Second Supplemental Declaration of Trust" effective dated April 30, 2012. To make the second proposed restructuring terms of Supplemental Declaration of Trust effective, an extra ordinary resolution has been passed by at least by 75% of the aggregate amount outstanding to TFC holders. The trustee obtained necessary approval of TFC holders. The revised terms and conditions of the issue after rescheduling are as follows:

For the year ended 30 June 2017

Principal redemption

The principal redemption of TFCs is structured to be in 63 un-equal monthly instalments starting from January 01, 2012 as follows:

- Rs. 3 million per month starting from January 2012 to December 2012
- Rs. 4 million per month starting from January 2013 to December 2013
- Rs. 6 million per month starting from January 2014 to December 2014
- Rs. 13 million per month starting from January 2015 to February 2017
- Rs. 21.3 million in March 2017

Mark-up on TFCs

- The issue carries markup at 6% per annum for the first 36 months (i.e from January 01, 2012 to December 13, 2014) and one-month KIBOR for the remaining 27 months (i.e. from January 01, 2015 to March 01, 2017).
- Mark-up accrued on TFCs up to December 2011, amounting to Rs. 25.368 million, to be repaid in 3 equal instalments falling due in December 2014, December 2015 and December 2016.
- Mark-up payments on TFCs for first 24 months (i.e from January 01, 2012 to December 13, 2014) to be deferred till December 31, 2013 and to be repaid thereafter on a monthly basis (starting from the 25th month till the maturity of the TFC).

Trustee

In order to protect the interests of TFC holders, First Dawood Investment Bank Limited has been appointed as trustee under a trust deed with power to enforce the Company's obligations in case of default and to distribute the proceeds of any such enforcement, in accordance with the terms of the Declaration of Trust.

The Company defaulted in making payments to TFC holders in 2014 due to liquidity issues faced by the Company.

For the year ended 30 June 2017

- **21.1** Saudi Pak Industrial & Agricultural Investment Company Limited (SAPICO) holds 35.06% (2016:35.06%) of the issued, subscribed and paid-up ordinary share capital of the Company and 63% (2016: 63%) of the issued preference share capital of the Company.
- **21.2** The shareholders of the Company, through a special resolution in Extra Ordinary General Meeting held on July 11, 2012, approved the decision of the Board of Directors to convert the sub-ordinated debt from SAPICO and loan from Bank of Khyber into non-voting, non-cumulative, convertible unlisted preference shares at Rs. 10 each. The SECP vide its letter number SC/NBFC/23/SPLCL/2013/58 dated February 13, 2013, also approved the conversion.

In June, 2013, the Company issued non-redeemable / convertible preference shares of Rs. 10 each aggregating to Rs. 528.209 million against the conversion of debt. These are non-cumulative, non-redeemable convertible preference shares carrying dividend at 2.5% per annum annually at the end of each completed year on the face value of Rs.10 per preference share. The preference shareholders are only entitled to receive preferential dividend and are not entitled to right shares and bonus shares to which the holders of ordinary shares may be entitled. These shares are convertible into ordinary shares at the option of preference share holders at any time from the date of issue of preference shares. The dividend is payable annually at the end of each completed year subject to availability of profit for the year.

The preference shares have been treated as part of equity on the following basis:

- the preference shares were issued under the provisions of section 86 of the repealed Companies Ordinance, 1984 (the Ordinance) read with section 90 of the Ordinance and Companies Share Capital (Variation in Rights and Privileges) Rules, 2000.
- the authorized capital of the Company and the issue of the preference shares were duly approved by the shareholders of the Company in the Extra Ordinary General Meeting held on July 11, 2012.
- return of allotment in respect of these preference shares was filed under section 73(1) of the Ordinance.
- the preference share holders have the right to convert these shares into ordinary shares at Rs. 10 each.
- dividend on the shares is appropriation of profit both under the Ordinance and the tax laws.
- the requirements of the Ordinance take precedence over the requirements of International Accounting Standards.

21.3 Capital management policies and procedures

Capital requirements applicable to the Company are set out and regulated by the Securities and Exchange Commission of Pakistan (SECP). These requirements are put in place to ensure sufficient solvency margins. SECP extended the minimum equity requirement (MCR) as per NBFC Regulations, 2008 vide SRO 764(I) / 2009 dated September 02, 2009 wherein the Company is required to meet the minimum equity requirements of Rs. 350 million, Rs. 500 million and Rs. 700 million by June 30, 2011, June 30, 2012 and June 30, 2014, respectively. Further amendment to Schedule I to Regulation 4 made vide SRO 1160 (1) / 2015 dated November 25, 2015 maintained MCR for existing NBFCs at Rs. 750 million and relaxation of MCR for non-deposit taking NBFCs for leasing etc at Rs. 50 million. The Company intends to exercise the low MCR requirement option once it has settled liability owed to its depositors. The Company is hence, non compliant at the year end with the MCR requirement laid down by the SECP (also see note 1.3).

16,846,212	21,919,346			

23. CONTINGENCIES AND COMMITMENTS

Contingencies 23.1

- 23.1.1 The Company is contesting various suits filed against it during the period from the year 2008 to 2017. These includes counter suits for damages as well as recovery suits including rendition of accounts of aggregate amount of Rs. 212.724 million (2016: Rs. 165.799 million). These suits are proceeding either in banking courts or in High Courts. The legal advisors of the Company defending the cases hold the view that the Company is not likely to suffer any loss on account of aforementioned cases.
- **23.1.2** The ex-employees of the Company have filed two cases against the company before High Court of Sindh claiming an amount of Rs. 65.935 million in lieu of gratuity and other retirement benefits. The matter is at the stage of recording evidence of the parties. The Company has not made any provision as, in its opinion, the Company has a good case on merit.
- 23.1.3 The Company has been issued with a notice under section 14 of the Federal Excise Act, 2005. In the notice, it has been alleged that the Company has not paid Federal Excise Duty (FED) in terms of section 3 (read with Entry 8 of Table-II of the First Schedule) to the Federal Excise Act, 2005 for the financial years 2007-08, 2008-09 and 2009-10 on services provided including both funded and non-funded services. Accordingly, Rs. 126.205 million has been alleged to be recoverable. The above amount of FED has been imposed on all the incomes of the Company for the said three years including mark-up income earned on finance lease contracts.

According to the Company's tax advisor, FED is applicable in respect of document fee, front end fee and syndicate lease income. These represent services rendered by leasing companies in respect of finance lease which are funded services. However, these services for the periods 2007-08 and 2008-09 are not chargeable to FED because of the reason that for those years FED was chargeable on services which were non-funded. However, for the periods 2009-10, due to amendment in Entry 8, the said services are chargeable to FED as provisions of the Federal Excise Act, 2005.

The Company has filed an appeal before the Commissioner Inland Revenue (Appeals) CIR (A) against the said order. The CIR (A) vide through Appellate Order no 97 of 2012 dated April 30, 2012 constituted that the duty so charged is legally and constitutionally valid under the Federal Excise Act, 2005. However, it also mentioned that the notice issued is barred by time for the period from July 2007 to September 2008 and, accordingly, deleted the levy of FED for the said tax period. The Company has filed appeal before the Appellate Tribunal Inaland Revenue (ATIR) against the above CIR (A) order who has decided the case in favour of the Company.

A reference application was filed by CIR Zone-I against the Company in High Court in 2014 which is pending for adjudication. In the opinion of legal counsel of the Company, there is no likelihood of any outcome adverse to the Company's interest. The Company, hence, has not recognized any provision against the above notice.

For the year ended 30 June 2017

23.1.4 In the year 2016, M/s. First Women Bank Limited (FWBL) filed, before the Honourable High Court of Sindh, a recovery suit against the Company wherein besides the outstanding principal of Rs. 75.062 million and accrued markup of Rs. 24.054 million, a demand has been raised in respect of cost of funds. However, since the case is yet pending for adjudication before the Honourable High Court of Sindh and because no reasonable estimation can be made of the cost of funds so claimed by FWBL, no provision thereof has been recognized in these financial statements.

30.1 The numerical reconciliation between the tax expense and accounting profit has not been presented for the current year and comparative year in these financial statements as the total income of the Company for the current year and comparative year attracted minimum tax under Section 113 of the Income Tax Ordinance, 2001.

30.2 Current status of tax assessments

The tax assessments of the Company relating to assessment years before tax year 2003 have been completed and no appeal is being pending in appellate forums. The income tax return for tax years 2003-2017 have been filed which are deemed assessed under section 120 of Income Tax Ordinance, 2001 ('the Ordinance') except for the tax year 2007, which has been selected for audit under the provision of section 177 of the Ordinance and tax years 2014-2017, which have been selected for audit under provision of section 214 C of the Ordinance. The Company has submitted in this respect all the requisite documents / information with the tax authority. However, audit proceedings are under process and no further notice has yet been issued by the tax authority.

	Loss per share - Basic	(1.53)	(2.63)

For the year ended 30 June 2017

31.1 At June 30 2017, the Company has 52.82 million (2016: 52.82 million) convertible preference shares which are not considered for the calculation of diluted earning per share as the effect would have been anti dilutive.

32. STAFF RETIREMENT BENEFIT SCHEMES

32.1 Defined benefit scheme

The latest actuarial valuation of the gratuity fund was carried out by M/s. TRT Associates as at June 30, 2015 on the basis of "Projected Unit Credit Method". During the year ended June 30, 2016, the Company changed the terms of employment, whereby all members of the gratuity fund (except for Mr. Tariq Masood, then Chief Executive of the Company whose contracted tenure of service ended on June 02, 2017) were removed from the Company's permanent staff payroll and re-engaged on contractual basis (with no eligibility for retirement benefits).

As aforesaid, on June 02, 2017, Mr. Tariq Masood, then Chief Executive of the Company completed his contracted tenure of service. As part of his full and final settlement dated June 16, 2017, he was paid his accumulated gratuity entitlement amounting to Rs. 1.2 million. This amount was paid by the Company from its own funds against which a receivable from Mr. Tariq Masood was recognized accordingly (see note 7.2 to these financial statements).

As of June 30, 2017, though the gratuity fund was in legal existence, it had no members.

32.1.1 Principal actuarial assumptions

Following principal actuarial assumptions were used for the valuation:

		2017	2016
	Discount rate		
	Expected rate of increase in salary level		9%
	Expected rate of return on plan assets		8%
	Mortality rate		12%
	Withdrawal rate before normal retirement age		SLIC (2001-05)
	Expected remaining working life time of employees		moderate
	Number of employees		8 years
	Normal retirement age		11
			55 years
32.1.2	Net defined benefit (asset) / liability	2017 (Ru)	2016 Dees)
	Present value of defined benefit obligation	-	1,120,360
	Fair value of plan assets	(2,815,828)	(3,873,743)

37. SEGMENT INFORMATION

The business of the Company is divided into four reporting segments namely:

- 1. Finance lease operations,
- 2. Operating lease operations,
- 3. Term loans and
- 4. Investments

Finance and operating lease operations include leasing of moveable assets. Term loans include secured loans for tenure ranging from 3 months to 5 years whereas investments include equity and debt securities.

Management monitors the operating segments of its business units separately for the purpose of making decisions about resource allocation and performance assessment.

Other operations, which are not monitored by the management separately, are reported as 'Others'.

Segment assets and liabilities include all assets and liabilities related to the segment and segment revenues and expenses include all revenues and expenses related to the segment.

The Company's finance costs, administrative and other operating expenses, write-offs, taxation and assets and liabilities not related to the above mentioned segments are managed on Company basis and are not allocated to operating segments.

37.1 Geographical segment analysis

The Company's operations are restricted to Pakistan only.

38. FINANCIAL RISK MANAGEMENT

Introduction and overview

The Company has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk
- Operational risk

This note presents information about the Company's exposure to each of the above risks and Company's objectives, policies and processes for measuring and managing it.

Risk management framework

The Board of Directors have the overall responsibility for establishment and oversight of Company's risk management framework. The Board is also responsible for developing and monitoring the Company's risk management policies.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed from time to time to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

38.1 Credit risk

Credit risk is the risk that a counterparty to a financial instrument will cause a financial loss for the Company by failing to discharge an obligation or commitment that it has entered into with the Company, resulting in a financial loss to the Company and arises principally from the Company's lease and loan portfolio and receivables and deposits with banks.

Management of credit risk

The Company is managing its credit risk by improving and enhancing its credit risk policies and procedures to have a better control and monitoring on its credit exposures. Therefore, the management on the basis of past events, is continuously working to formulate and strengthen its policies to effectively control and monitor its credit risk. The management is also in the process of negotiation and settlement of loans against its non-performing exposures.

Exposure to credit risk

The Company's maximum credit risk exposure at the reporting date is represented by the respective carrying amounts of the financial assets in the balance sheet. The Company's exposure to credit risk is inherent in lease and loan receivables and deposits with banks.

For the year ended 30 June 2017

The maximum exposure to credit risk at the reporting date is: (Restated) 2017 2016 ----- (Rupees) -----**Financial assets** 34,336,495 39,783,068 Long term loans Net investment in finance leases - net of security deposits held 165,626,359 178,788,945 8,307,275 13,500,006 Bank balances Short term loans 88,322,635 90,122,635 908,267 898,267 Trade deposits Other receivables 4,524,555 586,055 302,025,586 323,678,976 **Financial assets** 288,285,489 308,694,648 Secured Unsecured 13,740,097 14,984,328 323,678,976 302,025,586

38.1.1 The aging of net investment in finance leases (net of security deposits), long term loans and short term loans (on gross basis) at the reporting date was:

The benefit of FSV of collaterals has been considered in calculating the provision against non-performing exposures.

For the year ended 30 June 2017

38.1.2 The credit quality of the Company's bank balances can be assessed with reference to external credit ratings as follows:

	Rating as of June 30, 2017				
	Short term	Long term	Rating Agency	2017	2016
				(Rup	ees) ·····
Faysal Bank Limited	A1+	AA	JCR-VIS	89,452	4,006,042
Silk Bank Limited	A-2	A-	JCR-VIS	9,886	9,886
Samba Bank Limited	A-1	AA	JCR-VIS	10,341	10,341
MCB Bank Limited	A1+	AAA	PACRA	8,192,095	9,468,236
National Bank of Pakistan	A-1+	AAA	JCR-VIS	5,500	5,500
				8,307,274	13,500,005

38.1.3 Concentration of credit risk

Concentration of credit risk exists when changes in economic or industry factors similarly affect groups of counterparties whose aggregate credit exposure is significant in relation to the Company's total credit exposure. The Company manages credit risk and its concentration exposure through diversification of activities to avoid undue concentration of risks.

Sector wise analysis of lease and loan receivables is given below:

For the year ended 30 June 2017

38.2 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting its financial obligations as they fall due. Liquidity risk arises because of the possibility that the Company will be required to pay its liabilities earlier than expected or will face difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The table below summarises the Company's financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to contractual maturity date.

	2017							
	Weighted average effective rate of interest %	Carrying amount	Contractual cash flows	Less than 1 month(Rup	1 - 3 months	3 months - 1 year	1 - 5 years	More than 5 years

38.2.1 Breach of loan agreements

Due to liquidity crunch, as of June 30, 2017, the Company had been in default in making repayments in respect of certain short term and long term financing arrangements. As of the reporting date, the total outstanding principal and accrued markup in default amounted to Rs. 664.012 million (2016: Rs. 666.775 million) and Rs. 330.062 million (2016: Rs. 299.505 million), respectively.

Annual Report 2017

38.3 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprise three types of risk: interest rate risk, currency risk and other price risk, such as equity risk.

38.3.1 Interest rate risk

Interest rate risk arises from the effects of fluctuations in the prevailing levels of markets interest rates on the fair value of financial assets and liabilities and future cash flows. The Company's exposure to fair value interest rate risk is limited as it does not hold significant fixed interest based financial instruments.

At the reporting date, the interest rate profile of Company's interest-bearing financial instruments is as follows:

	Carrying amount			
	June 30, 2017	June 30, 2016		
Fixed rate instruments	(Rupees)			
Financial assets Financial liabilities	14,788,081 (309,610,505)	14,720,920 (312,373,009)		
Variable rate instruments	(294,822,424)	(297,652,089)		
Financial assets Financial liabilities	1,367,450,139 (235,767,246) 1,131,682,893	1,391,468,659 (235,767,246) 1,155,701,413		

The information about Company's exposures to interest rate risk based on contractual repricing, or maturity dates, whichever is earlier, is as follows:

	Exposed to interest rate risk

		357,789,054	322,189,154				35,599,900

Fair Value sensitivity for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit and loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Cash flow sensitivity analysis for variable rate instruments

The Company holds profit earning savings accounts with various banks exposing the Company to cash flow interest rate risk (as detailed in note 4).

For cash flow sensitivity analysis of variable rate instruments, a hypothetical change of 100 basis points in interest rates during the year would have impacted loss for the year and equity by the amounts shown below. It is assumed that the changes occur immediately and uniformly to each category of instrument containing interest rate risk. Actual results might differ from those reflected in the details specified below. The analysis assumes that all other variables remain constant.

	Profit or loss before tax 100 bp	
	Increase	(Decrease)
As at June 30, 2017	(Rupees)	
Cash flow sensitivity - Variable rate instruments	11,316,829	(11,316,829)
As at June 30, 2016		
Cash flow sensitivity - Variable rate instruments	11,557,014	(11,557,014)

For the year ended 30 June 2017

38.3.2 Foreign exchange risk

Foreign exchange risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rates. The Company is not exposed to foreign exchange risk as there are no financial instruments in foreign currency.

38.3.3 Other price risk

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instrument traded in the market.

The Company's investment in listed and unlisted equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Company manages the equity price risk through diversification and placing limits on individual and total equity instruments.

Price sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to valuation gains and losses for investment portfolio of the Company. The analysis is prepared on the amount of investments at the reporting date. 10% increase or decrease in equity instrument prices are used when reporting price risk internally to key management personnel and represents management's assessment of the reasonably possible change in equity instruments rates.

As at June 30, 2017

	Fair value	Hypothetical price change	Estimated fair value after hypothetical change in prices	Hypothetical increase / (decrease) in equity
			(Rupees)	
2017	104,163	10% increase	114,579	10,416
	104,163	10% decrease	93,747	(10,416)
2016	108,910	10% increase	119,801	10,891
	108,910	10% decrease	98,019	(10,891)

38.4 Operational risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the processes, technology and infrastructure supporting the Company's operations either internally within the Company or externally at the Company's service providers, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of investment management behaviour. Operational risks arise from all of the Company's activities. The management of the Company, in view of the historical events is evaluating and enhancing controls such that operational risk is better managed.

For the year ended 30 June 2017

The primary responsibility for the development and implementation of controls over operational risk rests with the Board of directors. This responsibility encompasses the controls in the following areas:

- requirements for appropriate segregation of duties between various functions, roles and responsibilities;
- requirements for the reconciliation and monitoring of transactions;
- compliance with regulatory and other legal requirements;
- documentation of controls and procedures;
- requirements for the periodic assessment of operational risks faced, and the adequacy of controls and procedures to address the risks identified;
- contingency plan;
- ethical and business standards;
- risk mitigation, including insurance where this is effective.

38.5 Fair value of assets and liabilities

Fair value is the price that would be received to sale an asset are paid to transfer a liability in any orderly investments on the balance sheet are carried at fair value transaction between market participants at measurement rate. The management is of the fair values of the remaining financial assets and liabilities are not significantly different from their carrying values since assets and liabilities are essentially short term in nature.

The Company measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

Following is the fair value hierarchy of assets and liabilities carried at fair value.

	Level 1	Level 2	Level 3	Level 4
		(Ru	oees)	
Office premises and generators	-	31,196,528	-	31,196,528
Investment in ordinary shares	104,163	-	14,664,938	14,769,101

The carrying amounts of all other financial assets and liabilities reflected in the financial statements approximate their fair values.

For the year ended 30 June 2017
